

Cycling

We have several children who cycle to their weekly meetings.

We would like to remind you that cycles should be parked in the car park at the rear of the hall and we strongly recommend that they are locked up. Additionally, during dark evenings, working lights are a necessity.

As you may know anybody who is cycling as a Scout activity has to wear a cycle helmet and whilst we cannot enforce this for children cycling to and from meetings we would like to encourage the wearing of helmets at all times.
