

How do we communicate with you?

Herald

The Group produces a newsletter (Herald) once/twice a term, which contains the dates and details for Group events. Keep this safe, as it is very important.

Sections News

Details of events relevant to a single section will be provided separately by the section leader, usually in paper format for Beavers and Cubs and emails for Scouts, Explorers and Network.

Reports and Photo's

Details of group activities and reports can also be found on the [home page](#) of this website and photo's can be found [here](#).

Website

We also have this website which we do our best to keep up to date and holds the latest information.
